Item 567: LIFTGATE HYDRAULIC TAILGATE

Shipments requiring the use of vehicles equipped with hydraulic tailgate lifts will be subject to the following provisions:

1. Service will only be provided at locations where the carrier maintains and makes available vehicles equipped with hydraulic tailgate lifts.
2. Requests that the carrier provide hydraulic tailgate lift service must be made in writing and so stated on the Bill of Lading and/or Shipping Order. If the shipper fails to notate the request for such service on the Bill of Lading and/or Shipping Order and the Consignee requires such service for unloading, Consignee will notate such request on the delivery receipt along with a complete legible signature, or at the carriers discretion a verbal request may be accepted with a written confirmation to follow.
3. If the carrier does not maintain vehicles so equipped or does not offer such service within the course of normal operations, the carrier will attempt to rent such equipment in order to comply with the request for such service.
4. Where the carrier obtains rental equipment as outlined in Paragraph 3, the actual cost of the rental of such equipment shall be reimbursed to the carrier by the party requesting such service.
5. Carrier will not handle freight beyond positions immediately adjacent to the vehicle (to/from the ground). If additional services are required to move shipment to/from adjacent to the vehicle, please see Inside Pick up/Delivery Item 566, Limited Access Item 751-10, and/or Private Residential Pickup/Delivery Item 751.
6. Service will be available when the linear dimensions per handling unit do not exceeds 80 inches in length, exceeds 60 inches in width, or the vertical dimensions exceeds 60 inches, as would be positioned on the tailgate.
7. The following Charge will be for each Individual Pallets up to 1,500 pounds per Unit (Unit is described as a Pallet, Tote, skid, or Crate.) Whichever charge, between the CWT or the PER UNIT, produces the highest charge (but not to exceed the maximum) that charge shall apply.

Cwt.....	\$ 4.50
Min Charge.....	\$ 70.00
Per Unit.....	\$ 35.00
Maximum.....	\$ 350.00

If the shipment has an Individual pallet weight that is over 1500 pounds and is inadvertently accepted by LME, then additional equipment and or labor may be required to safely complete the delivery of the shipment – and additional charges may apply

When service cannot be provided due to excessive dimensions as described in number 6, LME will notify the Payor of the freight about the Over dimensions.

Once LME has notified the Payor, Storage Charges as stated in Item 910 will commence. The Customer will have the following options:

1. LME will arrange to send the shipment back to the shipper on a new pro with the Customers Pricing. The customer will be responsible for the cost of moving the shipment from the original shipping zip to the zip at which the shipment was stopped and also from the zip at which it was stopped back to the shippers dock along with a \$25.00 processing fee.
2. The Customer will make arrangements with LME to have the shipment picked up at the Destination Terminals Dock. Charges on the pro will be re configured to be from Shipper to Destination Terminal along with a \$25.00 processing fee.
3. The Customer will have the shipment reconsigned to a new location with a dock. Charges will follow LME's reconsignment Item 850 as stated in the LMEL Rules Tariff effective at time of Shipment.

Such charge will be in addition to any other lawfully published charges and will be the responsibility of the party requesting such service.

Item 568-15: LUMPER SERVICE

LME shall be reimbursed by the payor of the freight charges of any fees paid to a lumper or similar service with an additional charge of \$10.00 to LME as an administrative fee.

Item 580: MARKING OR TAGGING FREIGHT – LTL or AQ

\$2.30 PER PIECE, subject to a M/C of \$30.65 per shipment(Fee assessed for applying, altering or changing the markings or tags on any package / piece)

Item 615: MINIMUM CHARGE – CUBIC CAPACITY AND DENSITY

Any shipment which as tendered exceeds 672 cubic feet of carrier's vehicle will be subject to a Minimum Charge based on 4 pounds per cubic foot, and using actual Class 250 rate (No FAK Applications allowed), subject to a minimum discount of 50%. Where a customer presently has a discount, either greater or lower than 50%, such present discount will apply. (See EXAMPLE) If the customer's applicable tariff does not include a Class 250 rate, the Minimum Charge for shipments subject to this item will be 500% of the applicable base rate.

CONDITIONS AND DEFINITIONS

1. The cubic capacity of the shipment shall be determined by totaling the cubic feet of all articles, pieces and packaged units in the shipment, in accordance with NMFC Item 110, Sections 8(a) and (b). The height (vertical measurement) of any loaded shipment shall be deemed 96 inches when no other freight can be stowed securely on the top of a shipment or the Bill of Lading or packaging provides instructions that in any way prohibit the utilization of the trailer space between the trailer ceiling and the top of the articles. The width shall be deemed 96 inches when no additional articles in the same shipping form tendered can be loaded side by side because of the packaging configuration or lack of packaging, the nature of the article shipped, or the consignor's shipping instruction.
2. The weight is calculated by taking the cubic feet as determined by item 1 in this rule and multiplying it by 4. If the actual weight of the shipment is greater than the newly calculated weight than the actual weight will be used.
3. The provisions of this item are not applicable in connection with shipments subject to VOL or TL rates or charges or minimum charges per vehicle used.

EXAMPLE: A customer with a 75% discount on LME Current Rates (LMEL500 series) has a shipment occupying 700 cubic feet and moving between 55345 and 50010, would be subject to a minimum charge, as follows:

700 cubic feet at 4 pounds per cubic foot (700 X 4).....	2,800 pounds
Class 250 rate for zip pair 55345 and 50010.....	\$ 200.27 per 100 pounds
2,800 pounds multiplied by \$200.27/cwt.....	\$ 5607.56
\$5607.56 discounted by 75% produces a minimum charge of.....	\$ 1401.89
Total charge (if FSC is at 28%).....	\$ 1794.42

Item 647: NOTIFICATION OR CALL FOR APPOINTMENT PRIOR TO DELIVERY

\$15.00 per shipment (Charge to establish a specific appointment time prior to delivery) or (Notifying consignee, or any other party)

Item 670-10: OVER-LENGTH CHARGE

Shipments containing an article or articles that exceed(s) 12 feet in length shall be assessed an additional charge. Any applicable fuel surcharge or additional accessorial fees will be added after the application of the over-length charge.

1. Overlength between IA, IL, KS, MN, MO, ND, NE, SD, WI, Direct points in IN, and Direct points in MI is as follows:
12 feet to 15'11".....\$ 100.00
16 feet to 19'11".....\$ 200.00

LME FUEL SURCHARGE

Our fuel surcharge is applicable as per the table shown below. This table is found in our Rules Tariff – Item 530. The diesel prices are announced on Monday of each week by 4:00 p.m. and are used to determine the surcharge for Wednesday of that week. The national average price of diesel fuel is obtained by calling the US Department of Energy (DOE) at (202) 586-6966, or by going online to <https://www.eia.gov/petroleum/gasdiesel/>. If the cost of fuel exceeds the figures in the table, then for every \$0.05 per gallon change, an additional 0.5% in surcharge will apply for LTL and VOL. TL Fuel Surcharge will increase .75% for every \$0.05. If the cost of Fuel drops below the figures in the table then for every \$0.05 per gallon change, a reduction of 0.5% in surcharge will apply for LTL, VOL, and TL.
